Waterous's new standard, seven-year parts warranty is designed to bring customers added assurance alongside the most reliable fire pumps on the market. The new Waterous warranty is an additional two years in length, making it the longest warranty offered in the fire pump industry.

The new warranty states that all pumps manufactured by Waterous will be free from defects in material and workmanship under normal use and service for a period of seven years from the date the product is first placed in service, or seven and a half years from the date of shipment.
